

27 August 2008

Dear Customer,

Nutech products can now be ordered on your Croxley account.

We have modified our systems to enable you to order Nutech products on your Croxley account number. The primary benefit for you is to consolidate orders on one shipment reducing administration costs with an added benefit of your minimum order size being more attainable.

Please note this is not mandatory for you, it is an optional service that you can use if you prefer. We believe the benefits for you will be well worth the change and we encourage you to move to combined orders.

In all other respects it is business as usual. You don't need to change the customer service numbers you call. Nutech Customer Service are still the technology experts as Croxley Customer Services are still your stationery experts.

Your pricing will remain the same and will not change on either your Nutech or Croxley accounts.

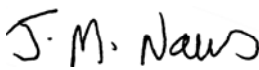

For your ease of use, Croxley has developed an exciting new website <http://www.croxleynutech.co.nz> where once logged in; you can purchase, view and track both Croxley and Nutech orders on the one site.

Non-combined accounts will continue to use <http://www.croxleyonline.co.nz> for your Croxley orders and <http://www.nutechonline.co.nz> for any Nutech orders.

We recommend if you wish to take advantage of this service that you switch all your purchases to the Croxley account to avoid possible administrative confusion.

Your Account Manager or our Customer Services teams are available to answer any questions you may have about this new service.

Yours sincerely

JOE NAUS
GENERAL MANAGER
